A stamp is, to many people, just a slip of paper that takes a letter from the lower or country to another. They are unable to understand why we stamp collectors find so much pleasure in collecting them and how we find the time in which to indulge in our hobby. To them it seems a waste of time, a waste of effort and a waste of money. But they do not realise that there are many who do buy stamps, many who find the effort worth-while and many who, if they do not spend their time collecting stamps, would spend it less profitably.

NS-3435/7

P.T.O.

We all seek something to do in our leisure hours and what better occupation is there to keep us out of mischief than that of collecting stamps? An album, a packet of hinges, a new supply of stamps, and the time passes swiftly and pleasantly. Stamp collecting has no limits and a collection never has an end; countries are always printing and issuing new stamps to celebrate coronations, great events, anniversaries and deaths. And the fascination of collecting is trying to obtain these stamps before one's rivals.

Precis:

Every sphere of stamp collection has its fascination-receiving letters from distant countries and discovering old stamps in the leaves of dusty old books.
